

PROVIDER *bulletin*

October 14, 2009

Dear Provider,

Effective January 1, 2010 providers will no longer be able to access the KHS e-Power system. We are currently switching all current e-Power users over to our new Provider Portal. **All providers that are still using e-Power, must switch over to the new Provider Portal before January 1, 2010.** This new site is user friendly and offers much more functionality than e-Power.

If you are currently using e-Power, or are interested in using the new Provider Portal to better manage your KFHC patients, please contact our Provider Relations Department at (661) 664-5146. One of our Provider Relations Representatives will be able to answer any questions you have, provide a demonstration of new features, and train you and your staff on how to use the new Provider Portal.

Sincerely,

Jake Hall
Provider Relations Supervisor
Kern Health Systems
